

Competition Lead

Regional Management Board

Netball West Midlands Regional Management Board (RMB) seeks to appoint a Competition Lead to the RMB. This individual will take primary responsibility supporting and delivering the strategic vision for competition netball within the region as well as partaking in discussions on general regional activity along with the rest of the RMB.

As a full voting member of the Regional Management Board (RMB), the Competition Lead plays a key role in shaping and delivering the regional plan and supporting the England Netball vision. The role provides strategic leadership for regional competitions, overseeing the Competition Technical Support Group (TSG) and ensuring high-quality, participant-focused opportunities are available across the region. Responsibilities include organising regional competitions and events, developing and reviewing competition rules, creating and managing the competition calendar, maintaining accurate competition administration, and overseeing disciplinary and complaints processes. The post holder will work closely with England Netball, regional volunteers, and other Technical Support Groups to promote and develop competition opportunities for all members.

Who this role would suite: someone with a passion for netball and a commitment to providing positive competition experiences for players, teams, and clubs. Ideal candidates will have strong organisational and communication skills, enjoy working collaboratively with volunteers and stakeholders, and be confident leading and motivating a team. Experience in competition management, event planning, officiating, league administration, or club development would be beneficial but is not essential. This role is an excellent opportunity for someone looking to contribute strategically to the growth of netball in the region, gain leadership experience, and help shape the future of competition pathways.

About the Regional Management Board: The Netball West Midlands RMB represents regional interests and activities, as well as governing regional decisions including establishing goals and ambitions for netball within the West Midlands. The RMB is chaired by Kerrie Jones, who has an ongoing passion for the development of netball within the region. The RMB welcomes perspectives from individuals with applicable skills and passion for developing sport – if there is not a specific role that suits you but you would still like to join the board, then we encourage you to apply for a Board Member without Portfolio position.

VOLUNTARY

Commitment: attending bi-monthly board meetings usually held on a Sunday (alternating between online and in person) and the AGM, and any actions committed to because of those meetings. Attendance at events or meetings at other times may be required.

For enquiries about this opportunity please contact West

Midlands Regional Officer, Chrissie, on: west.midlands@englandnetball.co.uk

About Netball West Midlands:

Netball West Midlands is one of the nine Regions representing the sport across England. Working as a team of staff alongside our County Committee's and the RMB, we are a passionate, and energised group of people from many disciplines, who develop and facilitate the delivery of all aspects of netball throughout the West Midlands. We support clubs and players, officials, coaches and volunteers. We are here to increase enjoyment and participation, to raise the standard of netball, officiating and coaching from grassroots to national level across the West Midlands.
